Solution Quiz #1

CS-C

Step 1 : aa, bb are in language L (2.5)

Step 2 : if x belongs in L , then sx, xs belong to language
where $s \in \Sigma^*$

or
if x belongs in L , then zxy belong to language
where $z, y \in \Sigma^*$

(5)

or
if x belongs in L , then $ax, \cancel{ax}, xa,$
 $bx, \cancel{bx}, xb,$
 $\cancel{ax}, \cancel{bx}$ belong to language.

Step 3 : No strings except those constructed
in above, are allowed to be in L .

(2.5)
