

Quiz 2 (Section D)

Q1. Recursive definition of words starting with "ab". $\Sigma = \{a, b\}$

Ans. Step 1: ab is in L

Step 2: ab(s) is also in L, where s belongs to Σ^* .

Step 3: No strings except those constructed in above, are allowed to be in L.

Q2. Regular Expression for ~~any~~ string that doesn't contain '010'.

Ans. ~~$1^*0^*1^*$~~ $1^*(0^*11^*)^*0^*1^*$
