Q2:

1.

I am an aspiring market analyst with experience of marketing assistant at GOBI Parents and a strong knowledge of business analytics. ~~currently~~ I have raised over Rs. 100,000 of worth company's product and I look forward to join as a market analyst.

2.

This statement is vague because the writer has mentioned the skills but didn't mentioned the quantity of websites made. Also he/she didn't mentioned the course he/she has completed to startup with Photoshop skills.

Recorrected:

"I have developed more than ten websites with technical skills in design tools, such as Photoshop. I have also completed a course of 2 months ~~for~~ for Photoshop. I am always eager to utilize my creativity in new and developing projects.

3.

I am an ~~Aspiring~~ data scientist with an experience in Genesis lab with a strong foundation of Python and Java, with a keen interest in Data Mining and AI model training.

Q3:Summary:

This report showcases the ~~research~~ process of implementation of AI writing assistants in academic writing at FAST NUCES. Over the past recent years, the students have been struggling to write their academic writings including grammar and ideas mistakes. To solve this issue Miss Ayesha introduced the AI tools for students' assistance. At first, a first hand data was collected by conducting ³⁰⁰ student surveys about challenges, ¹⁰ interviews from instructors and ³⁰ comparison analysis of students' work before and after ~~A use~~

how many?

of AI. The students were then evaluated based on their grammar, vocabulary and structure of the writing. The ~~new~~ result outcomes were in the favour of using AI as 60-70% of the students improved grammar, vocabulary and writing structure. Moreover, 80% of the students supported the integration of AI in LMS Slate. In conclusion, the use of AI writing assistants have shown a sufficient amount of improvement in students' work. So, it is recommended to integrate AI grammar tools into LMS Slate, ~~to~~ guide the students to its usage and track AI usage to avoid overusage of AI.
